

SYMBIOSIS UNIVERSITY OF APPLIED SCIENCES, INDORE

(Established by Govt. of M.P. vide Act No. 23 of 2016 & Recognized by UGC u/s 2(f) of 1956 Act)

LETTER OF RECOMMENDATION

I, Shruti Jain, am an assistant professor at the Symbiosis University of Applied Sciences in Indore. I've worked in this field for more than 12 years, and my area of expertise is machine learning and deep learning. I'm excited to provide Ms. Muskan Choudhary this letter of recommendation for the position at your prestigious company.

Muskan is quite knowledgeable about machine learning and deep learning. She used her expertise to develop projects like sentiment analysis and face recognition. She always embraces problems with enthusiasm and develops some great initiatives, including her own ideas.

Her work for our "Tech-Kutumb" Event, in which she put up amazing effort and displayed her "Text Recognition Model," an award-winning project, demonstrated both her technical and leadership skills. She is also our student placement coordinator. She has taken part in a number of festivals, workshops, and coding sessions.

I recommended her for your company/university since she is a highly talented person with exceptional technical skills and a fantastic approach to working with all kinds of challenging assignments. She is valuable and deserving of your organization. Please feel free to contact me if you have any questions. I wish her the best of luck and success in all of her future endeavours.

Sincerely,

Ms. Shruti Jain,

Deep Learning Enthusiast | Assistant Professor,
School of Computer Science & Information Technology,
Symbiosis University of Applied Sciences - Indore (M.P.)
INDIA
